

Invitation

The University of Agronomic Sciences and Veterinary Medicine of Bucharest is honored to invite you to participate at the 16th Edition of the International Conference "*Agriculture for Life, Life for Agriculture*" that will be held in Bucharest, Romania, between 3rd and 5th of June 2027.

We are privileged to continue the tradition of the past editions, which have been extensively recognized as highly successful. The transversal theme of the 2027 edition is "AI for Agriculture and Food Systems: From Data to Decisions, from Innovation to Impact", reflecting the growing role of artificial intelligence, digital technologies and data-driven solutions in shaping the future of agriculture and food systems. Through this theme, the Conference will provide a multidisciplinary platform for researchers, scientists, experts and students from all over the world to present their latest research, exchange knowledge and experience, and develop new connections and partnerships.

The Conference will offer the opportunity to explore recent advances in agricultural research, field studies and innovative solutions, with particular emphasis on how artificial intelligence and emerging technologies can support informed decision-making, sustainable development, efficiency and innovation across agriculture and food systems.

The presentations delivered at the conference will be published in the scientific journals of the University of Agronomic Sciences and Veterinary Medicine of Bucharest, sections: Agronomy; Horticulture; Animal Science; Veterinary Medicine; Land Reclamation, Earth Observation & Surveying, Environmental Engineering; Biotechnology; Management and Engineering in Rural Areas. Based on the recommendations from the Scientific Committee, a selection of the most representative papers will be published in Agrolife Scientific Journal.

We look forward to welcoming you at the "*Agriculture for Life, Life for Agriculture*" Conference in 2027 to share the experience and the joy of the event.
